PLATFORM.

The Republican party of

Sedgwick county respectfully

and briefly states its convictions

upon the questions of

public interest.

It has full confidence in the

integrity, statesmanship and

high purposes of WILLIAM

MCKINLEY, president of the

United States. It is our belief

that his administration

has added to the renown and

stability of Republican institutions

and forms of government

at home and abroad; that its influence marks the

beginning of a new era in

which humanity has been advanced

to a higher plane, at

home and in the nations of

the world; that his administration

has restored national

prosperity, and we agree with

the words of the great Democratic

New York World, "it is

a good time in a good country,"

that it has placed the

country where of right it

properly belongs—the leader

among the powers of the

world.

That the administration of

the affairs of this state, now

in the hands of the Republican

party, with a citizen of

our own county, the Hon. W. E. Stanley, as chief executive,

is capable, clean, deserving

of, and does, receive our most

cordial endorsement.

With intense satisfaction

we commend the glorious record

made by our army and

navy and the unexampled

gallantry of General Funston

and our Kansas volunteers in

the Philippine campaign.

It is our deliberate conviction

that when on that May morning

ment there, is loyalty; to oppose it is disloyalty. We condemn and denounce the unpatriotic and un-American utterances of all who are giving encouragement to the Filipinos in their resistance to the American flag. Never yet has the old flag retreated before any armed foe, and wherever raised there it must stay.

The aggregation in this county known as the Fusion party is neither moved by, nor in possession of, a conviction or moral principle. It has abandoned every issue which brought it into life save the greed for office, and it now seeks by having its platform of treason adopted by the people of this county to bring the fair name and fame of Sedgwick county into disrepute and to disgrace the name of the gallant soldier which it bears.

We are opposed to aggregated capital, whether organized in the form of trusts, corporations or otherwise for the purpose of controlling the industrial affairs of the people, and we demand of our party in this state and in the nation such legislation which will at all times be for the best interests of all the people. That it is our conviction that every great question in which the people of this country have been interested has been in the past and will be in the future, settled in the interest of the people, by that genius of justice and right which prevails in and which brought the Republican party into existence; that it has the ability and integrity to properly settle and adjust the relations of capital and labor in the interest of the people.

Piles

You are costive, and nature is under a constant strain to relieve the condition. This causes a rush of blood

to the rectum, and before long congested lumps appear, itching, painful, bleeding. Then you have piles. There

are many kinds and many cures, but piles are not curable unless you assist nature in removing the cause.

CASCARETS make effort easy, regulate and soften the stools, relieving the tension, and giving nature a chance

to use her healing power. Piles, hemorrhoids, fistula, and other rectal troubles yield to the treatment, and

Cascarets quickly and surely remove them forever. Don't be persuaded to experiment with anything else!

I suffered the tortures of the

damned with protruding piles brought on

by constipation with which I was afflicted for

twenty years. I ran across your CASCA-

RETS in the town of Newell, Ia., and

never found anything to equal them. I

am entirely free from piles and feel like a

new man. C. H. KERR.

Wichita has direct rail communication

with nearly all the towns in the country

country surrounding her, except Doug-

lass, Burden and Dexter, and a railroad

from Wichita to the McAlester coal fields

through Douglas, Burden and Dexter

would be of more value to Wichita than

any other line that could be built. The

route is feasible and the country is full

of business, and if Wichita wants our

business she should come after it. The

people of the towns mentioned nor in the

contiguous territory can get to Wichita

without delay and changing cars. It

would be well also for Douglas, Burden

and Dexter to look after the matter a

little. To present to the attention of the

promoters of the road as well as the busi-

ness men of Wichita, the advantages of

this line and the chances for business in

their towns. Let us wake up and look

after this. We want the coal from Mc-

Alester, and Wichita wants our wheat,

our hops and our cattle. We have much

of each for sale, and there is no reason

why we should not all have our wants

satisfied.
